

GOALS(Global Academy of Life Skills Development) of Sagar Group of Institutions and IL&FS join hands to make the students of Engineering and Management employable.

S V V R Educational Society Group of Institutions, Chevella, (Sagar Institute of Technology, Food and Agri Business School, Sagar Global Business School) offers programmes at the under graduate and the Post graduate level in Engineering, Technology and Management as per AICTE norms.

IL&FS Education and Technology Services operating in the field of education and skills education and development in the areas of social and industrial sectors. IL&FS Education has a rich and diverse experience in the field of education, skills development, e-governance and financial inclusion. With an integrated approach to solution design and delivery, technology is blended and used in a simple yet effective manner.

GOALS(Global Academy of Life Skills Development) of Sagar Group of Institutions and IL&FS joined hands to make the students of Engineering and Management employable. Memorandum of Understanding signed between them is a long term association, where in IL&FS Education would provide integrated solutions blended with soft skills and technology to mould and empower the skills of the students of SVVR in various segments. With this collaboration the students of SVVR group of Institutions will acquire soft skills and additional technical skills so as to become competent professionals and also enable them to secure placements. This is the unique initiative right from 2nd year of the engineering students and first year of PGDM and MBA students.

IL&FS would be providing a range of services related to the design and implementation of infrastructure for education, educational programmes including technology based content, skill development and professional training.

The areas of mutual interest for SVVR and IL&FS are in:

- a) Employability and Industrial skill training and education programmes which include
 - i) 30 hr programme on English Language and communication skills;
 - ii) 40 hr programme in Soft Skills
 - iii) Short Programme in Engineering Skills
- b) Development & Improvements of Educational Standards, Training of faculty in relevant areas.
- c) Introduction of Innovative Teaching Technologies for Engineering Skills (ICT/VLE enabled self learning)
- d) And also the other areas of intervention which SVVR may seek
